## County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works  
Pete Newel, Resident Engineer  
Genaro Diaz, Project Manager

VIA: Dave Flynn, Interim Director of Public Works

DATE: 10/21/2014

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the La Panza Road Widening from Ryan Road to Hord Valley Road near Creston. District 5.

### **RECOMMENDATION**

It is recommended that the Board adopt the attached resolution, which authorizes the execution and acceptance of a Notice of Completion for the Construction of the La Panza Road Widening from Ryan Road to Hord Valley Road near Creston, Contract No. 300397.

### **DISCUSSION**

The La Panza Road Widening project improved a 1.3 mile long stretch of La Panza Road from Ryan Road to Hord Valley Road to accommodate four foot (4') paved shoulders and included reconstruction of the adjacent drainage ditch. The project's objective is to improve road safety by providing recoverable shoulders and eliminating roadside obstacles.

Your Board awarded a construction contract, in the amount of \$847,590.00, to Raminha Construction, Inc. at the April 1, 2014 meeting.

### **OTHER AGENCY INVOLVEMENT/IMPACT**

Construction funding was authorized for this project through the Federal Highway Safety Improvement Program (HSIP) which is administered by Caltrans. Various utility companies also provided appropriate input and performed relocations prior to construction.

During right of way acquisition, project outreach meetings were conducted. Property impacts were addressed and included in right of way agreements, project plans and specifications. Examples include the reconstruction of driveways, fence replacements, and mitigation for tree removal.

## **FINANCIAL CONSIDERATIONS**

This project is a multi-year project budgeted in the Road Fund – WBS 300397 in the amount of \$2,506,255. Project costs are estimated at \$2,285,873. The project will receive funding from Federal Highway Safety Improvement Program (HSIP) in the amount of \$900,000, Proposition 1B in the amount of \$465,462 and Road Fund in the amount of \$920,411.

Estimated cost savings of \$220,382 are a result of construction contract costs lower than anticipated and will be applied to future Road Improvement Projects. No budget adjustment is necessary.

A final report of actual project costs will be filed with the clerk after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

## **RESULTS**

By taking the recommended action, your Board will cause the legal Notice of Completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
